**Subject:** West Lake CAG Followup Questions to July 21 meeting

Ben - Please provide an update from EPA Region 7 on the following as soon as reasonably possible:

1. Has a "clean line" for the isolation barrier been located? This question is asked at every CAG meeting and due to time limits last evening, the question was not asked.
2. EPA Region 7's response to the questions/concerns raised by the federally elected officials.

--

Thank you - West Lake Landfill / Bridgeton Landfill Community Advisory Group
